A310-304 VVIP Aircraft
AIRBUS A310-304 VIP

This unique Airbus A310 offers luxury, comfort and value with a range of over 5,000nm. With its Head of State interior — it boasts both a VIP lounge and VVIP Private Suite as well as First and Business Class sections for entourage. To build one today would take two to three years and cost well over $100M. This exceptionally well-maintained (engine overhaul in 2007, new landing gear in Jan 2013), refurbished and updated aircraft, which has always been in private operations, is ready when you are. Its amenities include new IFE, flat-screen TVs, Jet Juke Box units, Airshow 4000 SATCOM with wi-fi, DVD/Blu-ray player, iPod stations and more.
